ABOUT THE CONFERENCE

"Knowledge with action converts adversity into prosperity." — Abdul Kalam

Dissatisfaction and Problems always leads to innovation. Thus, Innovation is increasingly being seen as the currency of 21st century.

The NCETTSEME 2023 provides a common platform to all the industry experts, academicians, research scholars and students to express their views and share their expertise knowledge about innovation. Also in this highly challenging economic scenario, the future prosperity of India is solely dependent on innovation, change and creativity.

OBJECTIVES:

The aim of conference is to provide a rendezvous for academicians, researchers, test developers, industrialist, university representatives, consultants and management students from around the globe to exchange ideas, meet fellow researchers working in diverse fields and generally help resolve the problems faced by the corporate world. The innovations in practices of business need to be tested on many grounds such as legal, political and social apart from economic development norms. Researchers and academicians with their research try to bridge the gap between theory and practice.
